IT: AIAS, LU: ACSSL, PT: OET, SK: BOZPO, HR: associate

Representing
60.000 SHCC
(Safety and Health Construction Co-ordinator)

ISHCCO Mission

ISHCCO Products

Publications of ISHCCO

- Recurrent reports on the implementation of GL 92/57 in Europe
- ISHCCO Qualification Framework (IQF)
- Low dust construction works (mapping of good practices)

SHCC – The Mandate

Safety and Health Construction Coordination (SHCC)

– The task is

- To apply OSH regulations
- To introduce good and approved praxis
- To adapt the OSH measures to what is needed at the particular project
- To arrange a system enabling the contractors to provide the OSH measures in time

– The SHCC guides

the client towards a safe project as

**designer of the
inherent safe & healthy works at the construction project**

Summary

- ISHCCO European Umbrella Association for Safety and Health Coordination
 - European Voice of the SHCC,
 - Collects technical and professional information on SHCC
- Construction sites provide: high potential hazards due to complex conditions and relations due to many companies and nationalities
- Coordination of occupational Safety and Health
 - Implementation of the principles of prevention – safety and health matters
At planning, execution and to subsequent works
 - Vision Zero rules support SHCC
 - Sustainability correlates to health matters at SHCC
 - Digitalisation will change the environment of SHCC and needs attendance and awareness
- SHCC can be addressed as the designers of the inherent safe & healthy works at the construction project
